President of the Italian Society  
of Geriatrics and Gerontology  
Prof. Raffaele Antonelli Incalzi

Lisbon 31th March 2020

Dear Professor Raffaele Antonelli Incalzi

We are living in unprecedented times and the Covid-19 crisis is beyond what we could ever have imagined. Providing care to people with such a severe infection carries risks, and we hope our colleagues will stay safe and well while they carry out their duties so generously and with great courage.

Please convey our admiration and solidarity to all the members of the Società Italiana di Gerontology e Geriatria who are fighting against this vírus in such difficult circumstances.

We wish you all the best, our thoughts are with the Italian people, who are facing so dramatic challenges and difficulties.

We hope that you and your families, in this tremendous human tragedy, are safe and well.

Best regards

Prof. Doutor Manuel Carrageta  
President of the Portuguese Society  
of Geriatrics and Gerontology
